

Health Policies

- **MASKS ARE REQUIRED FOR PARENTS/SPECTATORS INSIDE OUR FACILITY**
- Temperatures will be taken of everyone that comes through our doors (a temperature of 100.4 degrees or higher will not be allowed in).
- Students are asked to wash their hands before and after their class.
- Drinking fountains will NOT be available for use so please send your child with a water bottle that has a tightly secured lid (with their name on it).
- Coaches will enforce that students stay 6' apart during class.
- Coaches are required to wear masks.
- Only 1 family member is allowed to accompany a student in to the facility - please follow all markings to allow social distancing.
- Parents are not allowed to loiter in the lobby and asked to meet outside (enforcing social distancing) if visiting with others.
- We only have 20 spots in our viewing area upstairs for parents to observe their child's class. First-come-first-serve access cards to enter the viewing area will be available in the office. **Only 1 person per family may observe in the viewing area upstairs. Children 2 and younger may sit with the parent and keeping social distancing standards.** When someone returns a card, it will be given to the next person. When the viewing area is full, you will be placed on a waiting list to enter the viewing area. You will be called when a spot is available for viewing - if we call and the card is not retrieved in 5 minutes, the card will be given to the next person. If a parent does have the opportunity to sit on the balcony, we are asking that they alternate weeks as to give other parents the opportunity to watch their children.
- Lobby and bathroom surfaces are wiped down every 1-2 hours.
- Equipment will be wiped down by the coach before rotating to the next event.
- With our area in the yellow phase, we have returned to the maximum student count in each class.
